

CONFIDENTIAL - Retainer services

RISC-TR (Risk Intelligence Security Consultancy-Tiered Retainer)

24/7 CORE Intelligence monitoring

Collection Operational Risk Evaluation (CORE)

Tailored specifically to your organisation, projects and staff, our Intelligence Directorate (fully briefed on your situation) use a panoply of intelligence tools to predict and monitor your risks.

- Online data analysis
- Social media analysis
- Dark web analysis
- Imagery analysis
- Incident and event analysis
- Case and incident debriefings
- Human Intelligence (on the ground sources)
- Field Operative Reports
- Specialist Reconnaissance
- Closed source network analysis

As our experts process intelligence, we ensure it is evaluated by an Operational Risk Specialist familiar with your risks to ascertain quickly if a report, alert, notification or escalation is required. This is a crucial and unique component of our tailored Intelligence service ensuring you are not bombarded with information leading to security desensitisation and risk fatigue.

Alerts, notifications and reports are emailed confidentially to your designated list of staff as necessary. If Intelligence, incidents or emerging risks suggest immediate urgent advice your designated Specialist Consultant is briefed and contacts you immediately 24/7.

Our Intelligence led operations infuse all our services and training ensuring your staff have the latest information, skills and tools to mitigate risks and managed crisis anywhere effectively.

24/7 Security Crisis Operational Response (SCOR) Hotline

Our SCOR hotline is available 24/7 for specific retained clients, so your staff can phone or message from anywhere for friendly professional advice or initial incident support. All on duty SCOR Operatives are fully briefed and familiar with your organisation, project and risks, have any necessary travel itinerary and Action on Incident protocols to provide the best possible support.

In the event of a serious incident, your designated Specialist Consultant is contacted and your situation elevated to our Crisis Command Capability, (CCC).

A Specialist Security Risk or Kidnap Response Consultant can be dispatched to assist you as required.

Briefings

Training

Security Intelligence Briefings

Whether for pre deployment travel or a specific project our Intelligence experts fully brief your designated Consultant who can deliver briefings specific to your risks in a professional non sensational format in person or by phone as required. Briefings include practical risk mitigation tools, skills and advice.

Specialist Training

Our suite of training programs are tailored to your specific requirements and risks and include the latest intelligence to keep your staff and assets safe and mitigate your risks. They are unique and an ideal platform to build staff confidence, reduce project risks, and help overcome security obstacles.

Consultancy

Specialist Risk Consultancy Services

Our Specialist Consultants work with you as required to formulate specific training programs and assist in writing, reviewing or testing your policy and procedures, risk management and contingency plans. They provide security, risks, travel and incident advice as and when required and can respond to provide crucial advice in crafting safe resolutions to any crisis situation.

Specialist Crisis Response Service

Consultancy

In the event of a crisis security situation like a dangerous kidnapping the need for experts familiar with the complexities and nuances of such critical matters is crucial in helping you mitigate the risks, contain the situation and craft a safe resolution. Obtaining such specialist services at short notice can be extremely difficult and costly, complicating the crisis further. Our retained services ensure an immediate response is guaranteed and for the first 100 hrs at no additional cost, providing you with the peace of mind and expert support you require when you need it most.

All our specialist retainer services provide the valuable peace of mind, confidence, expertise and confidentiality your organisation or project requires without expensive salaried costs. Our retainers can be tailored and are normally based on an annual fee and service agreement, calculated daily and paid monthly in advance. All services are subject to legal terms, conditions and disclaimers.
